There may be times when you have not submitted all required components or revisions to your plans are needed. In this instance, a Permit Technician will return your application for revisions through the Online Permit Portal. You will know your application requires revisions when your application is a **Returned for Revision** status.

Commercial Accessory Structure (Non-Habitable)
Building Permits

Permit Number   CACC-23-0001   Revision (Resubmittal Required)

To upload a revised submittal:

1. Select the **file** link at the end of the submittal line item to return the submittal form. If the link displays "0 Files," you are able to upload corrections to that submittal.

▲ Permit Submittals   At least 1 file must be uploaded for each submittal requirement

ⓘ Additional documentation is needed for your application. At least one document must be uploaded for each requirement for this section to be considered complete. Please check to ensure you've included all the information requested.

* Required for Application
🕐 Required before permit can be closed

Submittal Name	Received	Version	Status	
Revision 1	n/a	1	Pending	📄 0 Files
Site plan *	12/11/2023	1	InReview	📄 1 File

2. The submittal form will appear. Select the **upload** button to upload a revised document from your device.
